Education

Ph.D. candidate in Economics and Management, UCLA Anderson 2027 (expected)
Committee: Hugo Hopenhayn (co-chair), Nico Voigtlander (co-chair), Romain Wacziarg, Brian Wheaton.
M.Sc. in Economic Analysis, University of Chile 2016
B.A. in Economics, University of Chile 2015

Fields

Primary: Macroeconomics.
Secondary: International Trade, Firm Dynamics.

Job Market Paper

"Link Dynamics and Welfare in Production Networks"

Firms do not buy from the same suppliers forever. Buyer–seller links are formed, sustained, and broken, and that churn reallocates production across the economy. This paper studies how the endogenous formation of production links shapes efficiency and welfare — how much of aggregate performance is determined not by what firms produce, but by whom they choose to trade with.

Presentations: NASMES Atlanta 2026, Central Bank of Chile, Anderson Student Seminar, Trade Seminar Series UCLA.

Publications

"Productivity Growth and Workers' Job Transitions: Evidence from Census Microdata"
The Economic Journal, 135(666), 405–429, 2025. Coauthor with E. Albagli, M. Tapia, C. Syverson, and J.M. Wlasiuk.
